
Elliott Greene
Ph.D. Student
e.g@uky.edu

Department of Biology
University of Kentucky
Lexington, KY 40506

Education

2020–	Ph.D. Lexington, KY	University of Kentucky Advisor: Jeremy Van Cleve
2018	B.S. Birmingham, AL	University of Alabama at Birmingham Major: Biology

Publications

Presentations

Talks

- March 2019, Lecture 9.1, BioHack Academy #6, Waag Academy, Amsterdam, NL (remote)

Posters

- June 2023, "A model for the prion-mediated horizontal transfer of social behavior facilitating inter-kingdom cooperation in *Saccharomyces cerevisiae*", Evolution 2023, Albuquerque, NM, USA
- March 2023, "A model for the evolution of gene regulatory networks governing social traits", Midwest Ecology and Evolution Conference 2023, Louisville, KY, USA
- June 2022, "A model for the evolution of gene regulatory networks governing social traits", Evolution 2022, Cleveland, OH, USA
- November 2019, "Using low-cost sensors to refine off-line specific gravity measurements", Master Brewers Conference, Calgary, CA
- April 2018, "Brewery accessible long-term evolution protocol to raise ethanol tolerance of brewer's yeast", Alabama Academy of Science Annual Meeting #95, Birmingham, AL, USA

Awards

Teaching Assistantships

University of Kentucky

- Fall 2021 –. BIO 303 Introduction to Evolution
- Fall 2020, Spring 2021. BIO 155 Lab for Intro Biology

University of Alabama at Birmingham

- Summer 2019. BIO 271L Biology of Microorganisms Laboratory

Outreach

University of Kentucky

- 2021, Recruitment Sub-committee.
